Fabric Care - HE Top Load Washer

MHE10BZEMW controls with English only

The state of the art AdvanceTech Series High Efficiency Top Load washers combine the performance of a front load washer with the convenience of a top load washer. The AdvanceTech Series is engineered for superior cleaning performance while saving both energy and water. To achieve maximum wash performance, each wash program is designed and optimized for clothing and load type.

Water Wave Wash Action
Water and detergent is gently spun and pulled through clothing for a more gentle, thorough cleaning. The dynamic wash action ensures that all clothes are completely immersed in water.

Performance Fill
A strong stream of water and rotating drum efficiently saturates all laundry before the wash program begins.

Fresh Water Rinse
The final rinse uses fresh water to ensure whiter whites and to reduce allergens left on clothing.

The AdvanceCare Tub with Lifetime Warranty
A seamless tub designed to create a unique water action that gently immerses clothes for better cleaning performance. The lifetime warranty guarantees the recyclable wash tub for the life of the washer.

Features

- 10.1 kg Capacity
- High Efficiency Design
- Water Wave Wash Action
- Performance Fill
- 8 Wash Programs
- 4 Wash / Rinse Temperature Control
- Wash Progress Indicators
- Energy Saver Option
- Extra Rinse and Extra Spin
- Fresh Water Rinse
- Hot and Cold Fill
- Bleach Dispenser
- AdvanceQuiet Design
- Advanced Balance System
- AdvanceCare Tub with Lifetime Warranty
- Safety Lid Lock
- Available in White

Fabric Care - HE Top Load Washer

MHE10BZDMW controls with Arabic and English

Additional Features

LED Cycle Progress Indicators

Easily monitor the progress of the laundry as the washer moves through the various wash cycles.

Advanced Balance System

Advanced vibration control keeps even oversized loads balanced and stable for smooth quiet operation.

Match the MHE10 washer with the MDE10 companion dryer for the ultimate in fabric care.
