Always Carefree. Always Clean.

Fabric Care - HE Top Load Washer

The state of the art AdvanceTech Series High Efficiency Top Load washers combine the performance of a front load washer with the convenience of a top load washer. The AdvanceTech Series is engineered for superior cleaning performance while saving both energy and water. To achieve maximum wash performance, each wash program is designed and optimized for clothing and load type.

AdvanceCare Wash Action
Water and detergent is gently spun and pulled through clothing for a more gentle, thorough cleaning. The dynamic wash action ensures that all clothes are completely immersed in water.

Water WaveTechnology
Six performance jets at the top of the tub thoroughly soak the entire load with water.

Performance Fill
A strong stream of water and rotating drum efficiently saturates all laundry before the wash program begins.

The AdvanceCare Tub with Lifetime Warranty
A seamless tub designed to create a unique water action that gently immerses clothes for better cleaning performance. The lifetime warranty guarantees the recyclable wash tub for the life of the washer.

Tempered Glass Lid
The exclusive AdvanceCare wash action is clearly visible through the deluxe tempered glass lid.

Features

- 10.1 kg Capacity
- High Efficiency Design
- Water Wave Technology
- AdvanceCare Wash Action
- Performance Fill
- 9 Wash Programs
- 5 Wash / Rinse Temperature Control
- Automatic Water Level Control
- 3 Manual Water Level Options
- Wash Progress Indicators
- Energy Saver Option
- Quick Wash
- Extra Rinse and Extra Spin
- Fresh Water Rinse
- Tempered Glass Lid
- Hot and Cold Fill
- Bleach and Fabric Softener Dispensers
- AdvanceQuiet Design
- Advanced Balance System
- AdvanceCare Tub with Lifetime Warranty
- Tempered Glass Lid
- Safety Lid Lock
- End-of-Cycle Chime
- Available in White

White-Westinghouse®

Always Carefree. Always Clean.

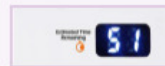

Fabric Care - HE Top Load Washer

Additional Features

Fresh Water Rinse
Final rinse uses fresh water to ensure whiter whites and reduce allergens left on clothing.

Estimated Time Remaining
Easily gauge the amount of time remaining on the wash cycle.

Energy Saver Option
The water temperature is lowered to save energy. The amount of water used is reduced slightly. For additional energy savings, more water is extracted during the spin cycle to reduce drying time.

Quick Wash
Wash small, lightly soiled loads in 25 minutes!

Extra Spin
Drying time is reduced by removing additional water from laundry.

Extra Rinse Option
Removes potential allergens from clothing.

LED Cycle Progress Indicators
Easily monitor the progress of the laundry as the washer moves through the various wash cycles.

Advanced Balance System

Advanced vibration control keeps even oversized loads balanced and stable for smooth quiet operation.

MODELS

WHE30BZEMW
Voltage, Frequency 220 - 240V, 50/60Hz
Capacity (kg) 10.1
Tub Size (L/cu ft) 96 / 3.38
